## Twelve People Poisoned.

Twelve people were poisoned as the result of drinking poisoned water at Campbellsville, the eight children of Mr. and Mrs. Brent Powell, together with Mr. and Mrs. William Denson and their two children, who were the guests of the Powells, being the victims. For a time it appeared as if all would die of the effects of the poison, but the doctors now believe most of them will recover.

## Earlywine Re-appointed Postmaster.

The following Washington special appeared in Sunday's dailies:

"Senator-elect Bradley was turned down hard by the President today, and to make matters worse, it looks as if it were a case of snap judgment."

"J. L. Earlywine was appointed postmaster at Paris. Senator Bradley had recommended N. A. Moore for the position, and it was well-known by the postoffice department officials that he was firmly opposed to Earlywine's succeeding himself. Not only did the department recommend to the President the appointment of Earlywine, but he did the unusual thing of sending the name to the Senate over a month before the expiration of his term of office. Ordinarily postmasters are not appointed until a few days before their time is up, and it not infrequently happens that the appointments are made several days or weeks after."

There is a belief in Washington that this action was taken upon the advice of Chairman Hitchcock, of the Republican National Committee, in order to give an additional month to Earlywine's friends in which to make their fight for confirmation. It is reported that upon Senator Bradley's request the nomination of postmasters at Newport, Leitchfield and Falmouth are now held up in the Senate Postoffice Committee, and to this list will probably be added that of Paris. The anti-Bradley people claim that they will be able to get their confirmations through before March 4, but considering the fact that the Senate is not on the best of terms with the executive branch, it may be that Congress will expire with Senator Bradley on top as a full-fledged Senator and able to take excellent care of his own affairs in the upper branch of Congress."

Mr. Earlywine has returned from Washington and is not worrying about Bradley's opposition, as he says that Mr. Bradley will have to defeat friends of both Roosevelt and Taft to knock him out.

## The Telephone Question.

The question of having only one telephone system in Paris is being agitated and a petition, which was liberally signed, was in circulation Friday among Main street merchants. It is proposed by the merchants to have a representative from both local telephone companies present at the meeting to be held and submit a proposition as to the best rates obtainable for a period of years. Both telephone companies have exchanges at all important towns in the county and have between 900 and 1,000 subscribers in the county.

## Notice.

Dr. Martha Petree left Monday afternoon for Kirksville, Mo., where she will enter the hospital of the American School of Osteopathy for treatment. She expects to be away from Paris two months, after which she will resume her practice in the same offices which she has occupied. She will send another doctor to care for her patients while she is away. She asks that the same courtesies which the people of Paris have shown her during the past two years will be extended to the Doctor who will be in charge of her practice during her absence.

### Live Stock in Japan.

According to the latest statistics there are 1,190,373 cattle, 1,465,466 horses, 3,501 sheep, 74,750 goats and 284,708 pigs in Japan. The smallness of the number of sheep is remarkable. Nearly all the wool used is imported from Australia.

### Home-Made.

Remember that all of our black cakes, plum puddings and mince-meats are home-made, and nothing but the best ingredients are used. That is the reason that they are the best on the market.

**BRUCE HOLLADAY.**

### Trustees for Confederate Home.

Gov. Willson Saturday appointed the following as trustees of the Confederate Home at Pewee Valley for a term of six years from April, 1909: Major P. P. Johnson, Lexington; Col. J. W. Alcorn, Stanford; Major John H. Leathers, Louisville; Capt. Robert Hurd, of Bowling Green; Mr. A. W. Macklin, Frankfort. There was some ambiguity in the law, but after conferring with the Attorney General the appointments were made.

### See Craven First.

Come to our store first and you will go no farther for Christmas candies. We have the freshest stock of box candies in Paris. We have such brands as Gunther's, Lowmy's, Daggett's, etc., in box and bulk.

**JAS. E. CRAVEN.**

**Silk handkerchiefs at 25c, 50c, 75c and \$1, in white and fancy, at Price & Co.'s, clothiers.**

### Christmas Flowers.

Don't forget that box of cut flowers for Christmas. All kinds of holiday decorations. Our flowers are handsomer than ever this year.

**BRUCE HOLLADAY,**  
Agent Honaker, the Florist.

### Special Judges Appointed.

Gov. Willson Friday appointed Sam M. Willson, of Lexington, as Special Judge to try the case of the assigned estate of Henry Biddle, on January 4. He also appointed Jere R. Morton, of Lexington, as Special Judge of the rowan Circuit Court, to try the case of the Congleton Lumber Company vs. Clay, Young & Co., in March.

The best previous record 1 hour, 9 minutes and 45 seconds which Mr. Wright made October 10.

### To Evade the Law.

The laws of the district of Columbia give negroes the same rights at hotels as white people, but a recent decision provides, it is said, that "undesirable patrons" may be charged any price the proprietor fixes. For instance, if a negro should drop into a fashionable cafe in Washington and politely ask for a cup of coffee, the urbane manager will politely inform him that the price is \$2.35. If he wants a plain steak he will be told that the price is \$11.60. If he should like onions with it, the price is—\$1.25. Verily there are many ways of killing a dog besides choking him to death with butter.

### The Best Ever.

It has been a fact long established that the Weidemann Beer is the best and purest made. It is the most delicious and healthful drink for the home. No better tonic can be used. Order a case by phone.

**ALBERT LYONS.**

### No Extra Session.

Governor Willson is receiving many letters urging him to call an extra session of the Legislature to pass the county unit local option bill, and in letters in reply and declining to call the extra session he says he does not believe the bill would pass and as there are so few counties that would now be affected by the bill, the expense of an extra session would overbalance the benefits that might be derived.

### For Family Use.

No beer for family use is superior to the famous Lion Beer. All doctors recommend it for delicate women and convalescents. Order a case today.

**T. F. BRANNON, Agent,**  
Paris, Ky.

### Christmas Isn't Dying Out.

"Christmas is dying out; it has lost its distinctiveness as a Christian festival: soon it will be obsolete"—so says one of the latter-day prophets.

Do you believe it? Is it possible that our one perfect holiday shall pass? We have but three anniversaries of national commemoration. Fourth of July is a military jubilee, marred by the din of fire-crackers and the symbols of bloodshed. Thanksgiving is a gastronomical festival associated with guillotined turkeys and dinners that tax digestion.

Christmas calls a halt to the busy city in his rush after gain, and turns his thoughts back to childhood and half forgotten ties; so that the old parents in the country home are gladdened by a letter and a gift from the son who is still their "boy" to them.

No; Christmas is not growing obsolete. It will live and take on fuller meaning. The spirit of Christ is now being better understood and assimilated than ever before. Charity is broader and more wisely beneficent, and the sense of human brotherhood is more vital and more productive of co-operation and strength.—Mary E. Bryan, in Uncle Remus's—The Home Magazine for December.

### Would Mortgage the Farm.

A farmer on Rural Route 2, Epmire, Ga., W. A. Floyd by name, says: "Buckley's Arnica Salve cured the two worst sores I ever saw one on my hand and one on my leg. It is worth more than its weight in gold. I would not be without it if I had to mortgage the farm to get it." Only 25c at Oberdorfer's drug store.

### Suicide a Hard Job.

"It is going to be a bigger job than I at first thought. I hope I make a success of it. I never did make a success of anything else."

After penning this concluding notation of a twelve-hour diary, which time he spent contemplating the act, Patrick Dooley, a resident of Fort Worth, Tex., swallowed a quantity of carbolic acid at a railway depot in that city early Friday dying before medical aid arrived. At 6 o'clock Thursday night Dooley wrote of having tried to think of some way to avoid suicide, but that he was ill and homeless. He referred in endearing terms to his mother and sister. A little later he complained because the only way he could find it possible to kill himself was by swallowing carbolic acid. At different times during the night he wrote of his despondency and warned young men of whisky and bad companions, concluding with the expression quoted.

### The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

"The Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of snow composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

I now take them as a tonic, and they keep me strong and well." 50c at Oberdorfer's drug store.

Bluegrass Traction Company,  
The Central Kentucky Traction Company.  
"Bluegrass Routes."

We are closely watching the returns from the operation of the Interurban Train Service, with the idea of ascertaining the trains which are most popular with our patrons. As a result of this scrutiny and the falling off in travel, incident to the Winter season, we will put into service at 7 a. m., December 15th, our Winter schedule. There are not many changes in the schedule over that now in use. Briefly they are these:

The car leaving Lexington at 6 a. m. for Versailles and Frankfort will be taken off. A car, however, will leave Versailles at 6:45 a. m. for Frankfort, as usual.

The car leaving Versailles at 6:15 a. m. for Lexington will be taken off.

The car leaving Lexington at 8 p. m. for Paris, and the car leaving Paris at 9 p. m. on Saturday nights, will be taken off.

The car now leaving Lexington at 8 p. m. for Versailles and Frankfort and the car leaving Frankfort at 9:30 p. m. for Versailles and Lexington, will be taken off.

To take the place of the Lexington-Frankfort car to be taken off, we have provided a new service, in that a car will leave Lexington at 9 p. m. for Versailles and Frankfort, and a car will leave Frankfort at 10:30 p. m. for Versailles and Lexington.

The result of the new service will be a greater evenness of schedule and a closer connection from one Interurban line to another, particularly in the evening hours at Lexington, in that cars will leave for Georgetown, Paris and Versailles at 7, 9 and 11.

Time cards, or folders, will be ready for delivery at our offices and at the Center, at Lexington, on and after December 15, 1908.

—The turkey season, which closed here last week, was the best and most satisfactory one since its inauguration. More than 23,000 birds were shipped from this point to the Eastern markets for the Thanksgiving and Christmas trade. The prices paid were from 12 to 14 cents, which has benefited everybody. The money was handled through the local banks. Everyone for miles around who had turkeys for sale got the benefit of some of this. A large number of colored people were employed as pickers, receiving satisfactory remuneration. The money from the various sources went to the merchants and the business men, thereby benefiting all classes. It is a decided benefit to everybody in the community and this is largely due to the efforts of Judge T. P. Wadell. When he began handling the national Thanksgiving and Christmas bird his working space was small, and he had a housing capacity for about 2,000. Great risk

## Winsor Letton's Will Probated.

The will of the late Winsor Letton  
was probated in the County Court Fri-  
day. The testator names his brother,  
Forest Letton, as executor; directs  
that no bond be required and that no  
accounting of the estate be made and  
further names his brother as guardian  
of his child or children.  
After directing that his funeral ex-  
penses and just debts be paid that his  
executor sell, re-invest or dispose of  
the estate as in his judgment is for  
the best interests of its beneficiaries.  
He leaves to his wife Annie Letton, so  
long as she remains unmarried, the in-  
come from one-half of his estate, and  
the income from the remaining half to  
his child or children to be held in trust  
by said executor, and paid to them in  
such sums and such manner as he may  
direct.

In the event of his widow marrying  
her share is to revert to his brother in  
fee simple and the same rule applies  
to that part of his estate left to his  
child or children in the event of their  
death. The will is dated at Atlanta,  
Ga., Sept. 25, 1907, and is attested by  
three witnesses. The estate is valued  
at approximately \$6,000.

## CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Bosche's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

### Marker for Old Site.

That the site of the "Old Mansion House," the most famous hostelry west of the Allegheny Mountains, will not be forgotten, the Kentucky Historical Society will soon place a handsome marker in the northeast corner of the McClure Building, the only skyscraper in Frankfort.

The "Old Mansion House" dates back to 1812, when the site was purchased by Humphrey Marshall. In the days of Whig and Democratic parties the hotel was the Democratic headquarters in the West, for Frankfort in those days was to the West what Cincinnati, St. Louis and Chicago are today.

The "Old Mansion House" too, was noted because of the famous ball that used to be given in it on January 8th, to commemorate the Battle of New Orleans. It was in 1820 that President Monroe and General Jackson visited the city and were at the ball on the night of January 8th. The President made a memorable speech during the ball, which was his campaign material in his race for the Presidency.

It was in the "Old Mansion House," too, that the Indian chiefs were entertained on their way South, and where the beautiful Julia Dean, the actress, made her home. It was where Theodore O'Hare, Vice President R. M. Johnson, Humphrey Evans and other wits met and discussed politics in the good old times.

### Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by W. T. Brooks. You need no other guarantee.

### Chief Justice Settle.

Judge E. C. O'Rear Friday served his last day as Chief Justice and on the first Monday in January Judge W. E. Settle will become the chief justice for a term of two years. Judge O'Rear has been elected for another eight-year term on the bench, however, and in 1915 will again, under the operation of the law, become chief justice for a two-year term. Each judge is chief justice during the last two years of his term, unless two of them have the same term. Then the law prescribes that they must draw lots as to which shall serve as chief justice.

## How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of Scott's Emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Peculations amounting to \$20,000 have been discovered to date by those going over the claims and vouchers handled by Judge Charles E. Booe, former claim clerk in the State Auditor's office. Auditor James said Saturday morning that in less than three months Judge Booe had been guilty of filching from the State \$3,300. The investigation is going on steadily, and those who are making it hope to complete the work by the first or middle of next month.

### Schools Win in Higher Court

The Court of Appeals, Justice Settle writing, declared the \$500,000 appropriation for the State University and Normal School provided for in the Sullivan-Burnham law, constitutional. This appropriation was made by the last Legislature, and suit was brought when the Auditor refused to issue the warrant.

The case was heard by Judge Stout, who decided in favor of the schools, whereupon Auditor James took an appeal.

Of the \$500,000 appropriation, State University at Lexington gets \$200,000, and the Eastern Normal School at Richmond, and Western Normal School at Bowling Green, \$150,000 each.
